TO: THE PRESIDENT OF THE UNITED STATES:
THE HONORABLE JOESPH BIDEN: HOUNOURIS CAUSA.
1600 PENNSYLVANIA AVE
WASHINGTON, DC 20500.

Dear Mr. President:

How is it that this country can spend trillions of dollars to work against the American people, yet you will not provide funding or any programs to help the homeless like my self who is soon to be?

You along with everyone else who we elect into office only to further destroy our lives, nor do I expect you to respond and I do not care to hear from one of you staff members because this is a clear display of this countries stand-offish behavior after we elect you into office. I will never be proud of this country with people like this in office and in power.

I also mention that I am aware that we are the sheep of our next shepherd: The Prince of Wales.

Best regards:

/s/ Mr. Stacey R. Smith
